Leading, Teaching & Learning during COVID-19 Pandemic: The Future of Nursing Education

SUB-THEMES

- **Academic Leader Experiences and Perceptions of Leading during COVID-19 Pandemic**
- **Nursing / Midwifery Faculty Experiences of Teaching during COVID-19 Pandemic**
- **Nursing Students' Learning Experiences during COVID-19 Pandemic**

Virtual Pre-conference Workshop Capacity Building Training Activities on 8th June 2022

There will be **FOUR** Preconference activities designed to enrich participants' experiences and enhance skills of conference attendees for Online teaching and learning

Virtual Pre-conference training work-shops include:-

1. Online Critical Care Nursing

*Lisa Alianiello
Facilitator
Director,
Center for Global Nursing Development*

*Collins Ajwang
Moderator, NNAK President*

*Annah Towett
Moderator, Dept. of Nursing
SPU*

The purpose of this workshop is to share experiences on the trends in Online Critical Care Nursing particularly in Low-and-Middle-Income Countries (LMICs); the place of Online Critical Care Nursing on health care delivery particularly during pandemics; constraints and opportunities for acceleration of OCCN. This virtual pre-conference workshop will be facilitated by Lisa Alianiello, while Collins Ajwang will be the Critical Care Nursing Webinar Moderator.

2. Low Resource Simulation

Dr. Brenda Moore
Facilitator

Dr. Albanus Mutisya
Moderator, Dean, School of Nursing JKUAT University

The workshop on simulation in low resource settings will focus on utilizing available resources such as students, volunteers, and equipment that has already been purchased to stage and conduct the scenario. Additionally, simulation design and scenario building will utilize current needs as identified by the host to create simulations. This pre-conference workshop will be facilitated by Dr Brenda Moore, while Dr. Albanus Mutisya will be the low resource simulation moderator.

3. Blended Learning Course Design training workshop for Nurse & Midwifery Educators

Dr. Suleiman Mwangi
Facilitator
Dean, Faculty of Social Sciences

Dr. Michelle Frankich
Co-Facilitator
University of Tampa

Dr. Catherine Mbango
Co-Facilitator
Texas Woman's University

The purpose of this Blended learning training workshop for nurse educators /instructors is two-fold; help Nursing Instructors design and develop quality blended learning designs. and provide them with knowledge and skills to effectively facilitate blended learning with a view of maximizing students learning. The training will entail theoretical underpinnings of blended learning; Constructive alignment of learning outcomes, e-activities and assessments during the planning and implementation of blended learning and use of OERs and Resources. This pre-conference workshop will be facilitated by Dr. Michelle Frankich, Dr. Suleiman Mwangi, and Dr. Catherine Mbango.

4. Using Qualitative Research for Evidence-based Practice

Dr. Molly Secor-Turner

Facilitator,

Associate Dean, Montana State University

Dr. Gladys Muasya

Facilitator

Faculty of Business & Communication Studies, SPU

There will be three-training sessions for postgraduate/graduate nurse students on qualitative data analysis sessions: Training and demonstrations will include Working with Codes and Nodes; Summarizing the Data; different ways to Display data and data visualization using Nvivo; Ethical issues in qualitative health care research. Workshop training will pay special focus on Using Qualitative Research for Evidence-based Practice. This pre-conference workshop will be facilitated by Dr. Molly Secor-Turner and Dr. Gladys Muasya.

Why you need to attend the Nurse Conference - Incentives

1. CPD accredited points (Kenya nurses)
2. Certificates of attendance
3. Winning poster presentation (local & global)
4. Opportunities for networking & collaboration
5. Opportunities to enhance research skills in qualitative research for Evidence Based Practice
6. Opportunities to enhance skills in online teaching

🚩 **NO additional payment is required attend and participate in the Virtual Pre-Conference Training Activities and workshops**

🚩 **However, ONE must be registered and paid to attend /participate in the nurse conference physically or virtually.**
